Dear Cattlemen and Friends,

We hope the first few months of 2022 have been wonderful for you and your families. We continue to pray for more moisture and are grateful for the snows (even when calving heifers!) We believe those of us in rural America must continue to do our part to show hope to the country and keep our eyes on Jesus. We work to teach our children to count their blessings each day, and we hope you all are doing so as well.

We would like to welcome you to our 8<sup>th</sup> Annual Bull Sale on  
**Wednesday, March 30, 2022, at 11am at Sterling Livestock Commission.**

We are proud to bring you **33** high quality Lim-Flex bulls.

These are an exceptional set of fast-growing bulls that are bred for calving ease. These bulls will produce calves that will go on to be outstanding cows for years to come. Our cattle result in high quality beef to the consumer as we have been continuing to improve our excellent marbling and carcass traits. You will never regret upgrading your bull!! Remember that upgrading your bull is the smartest most affordable way to improve your whole herd to a higher level for years to come.

Our cow herd takes care of itself! We have been focusing on our cows living off the resources that are available to them. The only cattle we retain in our herd are those cows that don't require extra feed supplements in order to breed and provide us with a strong calf come the fall. Every cow must pay her way.

The cattle are available to view anytime at our home just north of Iliff. Come by to check them out and visit our feed yard. Videos and complete performance data is available on our website: [www.cafcattlecompany.com](http://www.cafcattlecompany.com)

We are excited to announce that we have launched our online store for our tasty beef products. Visit us at **The Meat Shop** on our website to order Beef sticks or Summer Sausage. We are taking reservations for our freezer beef available July through November.

Our bull sale starts at **11am** followed by Sterling Livestock's regular sale. The sale will be available online as well through [www.cattleusa.com](http://www.cattleusa.com). You will need to register in advance

through [cattleusa.com](http://cattleusa.com) to get your online bid number. We invite you to come early on **Wednesday, March 30<sup>th</sup>** to view the bulls at the Sterling sale barn.

Once again, our sweet children will have their lemonade and donut stand set up for you to enjoy!!

Thank you for being such a vital part of our Ag operation. We are grateful!

Be Blessed,  
**The Frank Family ~**  
Andy, Crystal, AJ, Julia, and Jacob

**FOR VIDEOS AND MORE PICTURES OF ALL THE BULLS,  
PLEASE GO TO: [WWW.CAFCATTLECOMPANY.COM](http://WWW.CAFCATTLECOMPANY.COM)**

**CONTACT INFORMATION:**

Andy Frank: 970-580-0550

Crystal Frank: 970-520-4106

**E-mail:** [cafcattleco@gmail.com](mailto:cafcattleco@gmail.com) Follow us on **FACEBOOK** 

**Sterling Sale Barn:** 970-522-1950

**SALE LOCATION:**

Sterling Livestock Commission

East of Right of Way Road, just off of Riverside Drive and Cucarola Road

Sterling, CO 80751

**ONLINE BIDDING:**

The sale is available on-line through

**[www.cattleusa.com](http://www.cattleusa.com)**.

You can register with Sterling Livestock at **CATTLEUSA.COM**

\*To get a number, please register two days prior to the sale date.

**PHONING IN BIDS:** If you are unable to attend the sale but would like to purchase a bull, rest assured all phone bids will be handled in a most confidential manner. If you have selected a bull, please contact Jim Santomaso (970-522-1950) or Andy (970-580-0550) prior to the start of the sale. If you would like us to select a bull for you, contact Andy prior to or the morning of sale day. Any cattle purchased sight unseen are guaranteed to satisfy!

**ANNOUNCEMENTS:**

*Announcements made sale day  
take precedence over printed  
materials in this catalog.*

**CAF CATTLE COMPANY'S  
BREEDING PROGRAM STRESSES THE  
IMPORTANCE OF FERTILITY, PERFORMANCE,  
GOOD DISPOSITION, AND CALVING EASE.**

**The bulls have tested negative for BVD P13. DNA testing has been done for homozygous black and polled traits and several inherited traits.**

**All bulls have been ultra-sounded for carcass traits.**

**TERMS & CONDITIONS:** Terms of the sale are cash unless prior arrangements are established between buyer and seller.

**PURCHASE AGREEMENT:** Buyers are encouraged to take purchased bulls on the day of the sale. Payment is due sale day.

Bulls will be delivered the month of April or can be picked up at the feedyard near Iliff. After April 27<sup>th</sup> there will be a charge of \$2.00 per day per head feed charge.

**VETERINARIAN:** Dr. Jen Elliott is CAF Cattle Co's veterinarian.

All bulls will have passed a breeding soundness exam.

Health Certificates will be available on sale day.

**LIABILITY:** Neither the owners or employees of Sterling Livestock or CAF Cattle Company can be held responsible for any accidents, but every effort will be made to provide for the safety and comfort of those attending the sale.

**BREEDING GUARANTEE:** All bulls are guaranteed through the first breeding season, *from sale day to September 1*, unless there is gross negligence or willful misconduct on the part of the purchaser. If there is permanent injury or death, we will provide a replacement bull (if needed and available) or credit towards purchase of a bull in next year's sale. The purchaser is responsible for injuries that can heal with proper care. We do not cover injuries prior to breeding season if the bull purchased is turned out with other bulls. Bulls believed to be non-breeders are to be returned to the seller at the buyer's expense. This guarantee is a contract between the buyer and the seller. All other parties are acting as representatives only.

**CALF VACCINATION PROGRAM:** At birth the calves receive a 7-way shot, Jump Start oral paste, and Multimin. Before going to grass in May they receive Inforce, Bovishield Gold 5, and One Shot Ultra. Pre-weaning shots are Pyramid 5 with Presponse, Vision7/Somnus, and Multimin. Pyramid 5 with Presponse was repeated at weaning and calves were back poured with Dectomax.

**HANDLING OF OUR BULLS:** Since weaned, our bulls have been on a high roughage ration consisting of ground alfalfa, corn silage, ground corn, and Purina protein and mineral supplements. Our bulls are in excellent condition and are housed in a large pen with plenty of room to exercise.

Our cows work for themselves. They graze on grass all summer until they go to corn stalks. We only supplement them with a good mineral program. We do not use any additional protein or energy supplements. The cows stay turned out until calving. After they calve, they go back out to corn stalks where they stay until later in April when we bring them in to breed. Our pairs then move out to grass, where the calves are grown on mother's milk and grass.

**LIM-FLEX**  
LIMOUSIN · ANGUS HYBRID

**LIM-FLEX STANDS FOR LIMOUSIN WITH MUSCLE AND EFFICIENCY, ALONG WITH FLEXIBILITY.**

**THE MOST SIGNIFICANT STRENGTHS OF THIS POWERFUL GENETIC BLEND ARE:**

- Flexible seedstock for simple, easily managed crossbreeding
- Flexible market progeny that consistently hit dressing percent
- Yield and quality grade targets for mainstream, case-ready markets
- Flexible females adapted for efficiency across a wide range of environments
- FLEX stands for Limousin Efficiency Cross(X): the beef industry's answer to profitable system-wide production of case-ready products

**CAF Cattle Company participates in the Limousin Inventory Management System.**

We maintain our cow herd inventory with the North American Limousin Foundation. For each cow in our herd, we must have a calf of record, reason for no progeny recorded, or reason for disposal. Complete herd information contributes to more accurate data and EPDs.

**HETEROSIS**

Crossbreeding Systems are hard to deploy and maintain in small herds. However, using Lim-Flex bulls can simplify crossbreeding and make hybrid vigor a real plus in your herd. The lowly heritable traits like reproduction, health, and cattle longevity are best improved by crossbreeding. Crossbred cows and maternal heterosis is key to profitability on commercial cow/calf operations. Studies have shown net profit per cow is *increased by several hundred dollars per year* as a result of maternal heritability.

## THE VALUE OF A GOOD BULL

### LIM-FLEX BULLS MAKE CROSSBREEDING EASY.

Seek Value when buying a bull. The lowest priced bull is seldom the best value. If you find a bull that has the traits you are looking for: BUY HIM. Set a budget, but understand it is often hard to find everything you are looking for. Bulls with the traits you are seeking can add value to your cattle in a hurry. They can add far more than a cow. The bull you buy this year will impact your herd for the next 5 years with his calves, but his daughters will impact your herd for the next 20 years.

**Make a good investment!**

**Buy a bull that adds value to your calves and your cow herd.**

## LIM-FLEX SALE OFFERING
